About the Journal

The Journal of Wildlife Science (JWLS) is dedicated to advancing wildlife science and conservation through rigorous, evidence-based research across taxa and ecosystems. The journal operates on a diamond open-access model, meaning neither authors nor readers incur fees for accessing or publishing in JWLS. In a departure from the traditional pay-to-publish or pay-to-read models, our mission is to foster open and free access to high-quality, peer-reviewed interdisciplinary research in wildlife science, conservation, and management. We provide an inclusive, author-friendly platform welcoming original articles, reviews, commentaries, policy briefs, and novel paper types like Methods Papers, Natural History Notes, and Academic Practices in Wildlife Science. Our unique peer review approach emphasises constructive mentorship between authors and reviewers to elevate quality while fostering a collaborative research community.

JWLS is a quarterly publication with an online-first feature (publishing online as soon as the article is accepted). Therefore, the authors can submit their latest findings, insights, and perspectives for publishing in JWLS at any time.

Aim and Scope

The journal does not categorise research based on taxonomic groups, allowing authors working on any wildlife taxa, ecological communities, or ecosystems to submit their work under a relevant theme.
https://jwls.in/author-guidelines.

Submission Guidelines

Authors interested in submitting their work to JWLS are encouraged to review the updated submission guidelines at https://jwls.in/author-guidelines.

Manuscripts should be submitted online through our submission system (https://www.editorialmanager.com/jwls/), and all submissions will undergo rigorous peer review.

Content

Obituary

1. *Shri H. S. Panwar (1937–2026)*
Visionary Conservationist, Institution Builder, and Founder Director of the Wildlife Institute of India
Vinod B. Mathur 44

Research Articles

2. *Occurrence of the lesser-known endemic Rhinolophidae species in the caves of the Andaman Islands, India: insights from a rapid survey*
Dhanusha Kawalkar, Shirish S Manchi, Avimanyu J Mukherjee, Rima Sadhukhan, Pooja R Patil 46

3. *Efficacy and schedule of Ivermectin in vivo against naturally acquired infestation of Sarcoptes scabiei on wild red foxes (Vulpes vulpes) treated in a controlled veterinary / clinical rehabilitation environment*
Ryan Fox 53

4. *Community Perceptions and Social Feasibility for Gaur (Bos gaurus gaurus) Reintroduction in Nagarjunasagar-Srisailam Tiger Reserve, Andhra Pradesh*
Ritesh Vishwakarma, Arun Kumar Gorati, Swati Chandola, Habeeba Fathima, Anukul Nath, Samrat Mondol, Bilal Habib, Ajaya Kumar Naik, B.N.N. Murthy, Vignesh Appavu G., Parag Nigam 62

Short Communications

5. *Clinical recovery from multidrug-resistant bacterial infection in a suppurative wound of a Royal Bengal Tiger using linezolid*
Anik Dutt, Tishita Sen Ape, Md. Sarwar Uddin, Md. Shahadat Hossain Suvo, Shuvo Singha, Md. Mizanur Rahman 73

Natural History Notes

6. *First record of true vivipary in Eragrostiella bifaria var. walkeri (Poaceae: Chloridoideae, Tripogoninae) under cultivated conditions, and a brief note on its taxonomy*
Shahid Nawaz Khwaja Bhai Landge & Alok Lamuel Gude 79

7. *Opportunistic Frugivory of Small Indian Mongoose (Urva auropunctata) in an Agricultural Field, Uttarakhand, India*
Shrey Dandriyal, Nitesh Goswami, Piyush Sharma, Ashutosh Singh Rana 83

8. *An unusual rusty coloration of an Indian Crested Porcupine Hystrix indica*
Sumanas Koulagi, Madhushri Mudke, Shashank C L, Ashish Jha 87
